Important Information about our Licensee

Financial Services Guide

This Financial Services Guide (FSG) is designed to clarify who we are and what we do, and help you decide whether to use our services.

To make things simple, this guide explains:

- the services and types of products we're able to offer you
- how we and our associates are paid and any other benefits we may receive
- any potential conflicts of interest we may have
- how we protect your privacy and handle your personal information
- how we resolve disputes, and what you should do if you have one.

Please read through the whole FSG, as it's full of useful information – and is also worth holding on to for future reference. And of course, if you ever have any questions, please contact us.

Other documents you may receive

In addition to this FSG, when we provide you financial advice we will also present you with a written Statement of Advice (SOA).

This will describe:

- advice and strategies we recommend and the reasons why;
- the financial products and services we recommend and the reasons why;
- any fees or commissions we will receive; and
- any associations we have with financial product providers or other parties that have not already been disclosed in this FSG and may influence the advice we provide.

If you receive further financial advice from us, we will present you with either another SOA or keep our own written Record of Advice (ROA). You can request a copy of this by contacting us any time up to seven years from the date of the advice provided. Please refer to the "Contact us" section of this FSG for our contact details.

To help you make an informed decision about a financial product you generally will be given a Product Disclosure Statement (PDS) which outlines the product features and costs in detail. In certain circumstances it is not a requirement that you be given a PDS (including, for example, where you already have one).

Giving us instructions

If you want to make changes to your financial plan or provide other instructions, please contact us. Please refer to the "Contact us" section of this FSG for our contact details.

Generally, you will need to give us instructions in writing (eg fax, email or letter) or another method agreed with us.

Managed Discretionary Account Services

Apogee Financial Planning Limited offers Managed Discretionary Account (MDA) Services through an agreement with clients called a MDA Contract.

By accepting the terms of a MDA Contract, you will be granting your adviser an authority to take action on your investment portfolio (e.g. buy or sell investments) without first consulting you.

This will change the nature of the adviser-client relationship.

Normally, your adviser provides you with advice and recommendations supported by research or other information to assist you to make an informed decision on those recommendations. Your adviser then implements whatever action you decide to take.

If you accept the terms of an MDA Contract, you will, to some degree depending on the limitations/restrictions detailed in the MDA Contract, provide your adviser with the authority to make decisions on your investment portfolio and to implement investment transactions without consulting you.

You may give instructions to your adviser that on how rights relating to the financial products in your investment portfolio are to be exercised by providing those instructions to your adviser in writing. The decision to surrender full or partial control of your investment portfolio to your adviser is an important decision.

You should not accept the terms of a MDA Contract provided by your adviser unless you are confident that he/she has a clear understanding of your circumstances, needs and objectives.

The significant risks of accepting the terms of a MDA Contract provided by your adviser are:

Your adviser may make investment decisions that you disagree with. Provided your adviser’s actions are within the law and the scope of the authority you have granted and the adviser has acted efficiently, honestly and fairly, you will have no right of recourse.

This means that you will have to accept the tax consequences, transaction costs and any capital loss resulting from any transaction validly executed by your adviser and any “reversal” of that transaction that you may request.

If you do not promptly inform your adviser of any changes in your situation, needs and objectives, there is a risk that your adviser may make inappropriate investment decisions.

You may only enter into a MDA Contact where your investment portfolio is held via a regulated platform such as an investor directed portfolio service (IDPS), IDPS-like scheme, superannuation wrap or master trust. The assets that will be managed under the terms of your MDA Contract will be held as part of your account on the relevant platform, and the MDA services does not include custodial or depository services.

You must enter into the MDA Contract provided by your adviser before he/she can provide you with MDA services. Your MDA Contract will include an Investment Program prepared by your adviser that complies with Division 3 of Part 7.7 of the Corporations Act, and that will contain:

Statements about the nature and scope of the discretions your adviser will be authorised and/or required to exercise under the MDA Contract and the investment strategy that is to be applied in exercising those discretions;

Information about any significant risks associated with the MDA Contract;

The basis upon which your adviser considers the MDA Contract to be suitable for you; and

Warnings that the MDA Contract:

- May not be suitable to you if you have provided limited or inaccurate information relating to your relevant personal circumstances; and
- May cease to be suitable if your relevant personal circumstances change.

Note that your adviser will exercise, on your behalf, all rights that relate to your portfolio arising from corporate actions and communications about your portfolio assets.

Your adviser will be responsible for reviewing the suitability of the MDA Contract (including the Investment Program that forms part of it) to your relevant personal circumstances at least once every thirteen (13) months, unless the MDA Contract is terminated earlier.

Fees and Costs

The table below shows the fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investment or from the assets managed in connection with the MDA services.

You should read all the information about fees and costs because it is important to understand their impact on your investments managed in accordance with the MDA services.

This table gives an example of how the fees and costs for the Altus Exchange Portfolio can affect your investment over a 1 year period. You should use this table to compare this product with other similar investment products.

This example is illustrative only and fees and costs may vary for your actual investment. This example only shows the fees and costs that relate to receiving the MDA services, which can only be received in connection with your platform account. The example does not include the fees and costs of the underlying investments acquired through that platform.

Additional costs will be charged by the issuers of the products that may be acquired as part of your MDA service via your platform account. Refer to the disclosure document for your platform for an explanation of the fees payable in connection with your platform account.

Did You Know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100 000 to \$80 000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You may be able to negotiate to pay lower contribution and management costs where applicable. Ask the fund or your financial adviser.

To Find Out More

If you would like to find out more, or see the impact of the fees based on your own circumstances, the Australian Securities and Investments Commission (ASIC) website (www.moneysmart.gov.au) has a managed funds fee calculator to help you check out different fee options.

This FSG complies with the relevant requirements of ASIC Class Order 04/194 'Managed discretionary accounts'.

Where we assist you in relation to a corporate superannuation fund we may receive a payment from the fund Trustee or Administrator, for services we provide to the employer sponsor and/or members within participating corporate super funds. The payment is based on the number of members within the relevant corporate plan.

Where these arrangements are in place, there are some restrictions on the type of advice we can provide you and in some cases we may be unable to provide you advice as to whether to join or consolidate your super into the fund. Apogee Financial Planning holds professional indemnity insurance that satisfies the requirements of Section 912B of the Corporations Act. This insurance also covers the conduct of our advisers who were authorised by Apogee Financial Planning at the time of providing the advice, but are no longer authorised representatives of Apogee Financial Planning at the time of your complaint.

Payments and benefits we receive

You can pay for the services you receive on a fee for advice basis. This allows you to know that you are paying for our advice irrespective of any product you use, clarifies the services you are entitled to, and ensures all recommendations are driven by your needs.

We will agree with you the amount you pay based upon:

- a flat dollar fee;
- an hourly rate;
- the amount you invest; or
- a combination of the above.

You can pay in the following ways:

- as a fee for advice that will be deducted from your investments as a one-off payment or in instalments;
- by direct invoice from us for initial and ongoing advice;
- via commission we may receive from a financial product provider when you commence an insurance contract; or
- a combination of the above.

If you are not already on a fee for advice package, you can move to this payment at any time.

Other payments we may receive

We will provide you with details of all fees, commissions or other benefits we may receive when we provide advice to you and, where possible, will give actual dollar amounts. If we cannot provide this accurately, we will provide worked-dollar examples.

Even if you don't receive personal financial advice from us, you can still request the details of any fees, commissions or other benefits we receive in relation to any other financial service we provide you.

Benefits we may receive

Sometimes in the process of providing advice, we may receive benefits from product providers.

Conferences

We may attend conferences and professional development seminars that have a genuine education or training purpose. Apogee Financial Planning, or our employer, may pay for the costs of our travel and accommodation, and events and functions held in conjunction with the conference or seminar.

Non-monetary benefits

We keep a register detailing certain non-monetary benefits that we receive e.g. benefits valued between \$100 and \$300, and those that relate to genuine education or training and technology software or support.

You can view an extract of the register by contacting us. Please be aware that Apogee Financial Planning may charge you for the cost of providing this information to you.

Sponsorship

Apogee Financial Planning receives cash payments from product providers who sponsor and attend training presentations, conferences and/or professional development days. Amounts vary between product providers and Altus Financial does not directly share in the sponsorship payment; however, we may indirectly benefit as these payments subsidise the costs associated with these training and professional development events.

Commissions received by our Licensee from product providers

Apogee Financial Planning has ongoing commission arrangements with a number of risk insurance providers. Where you acquire a risk insurance policy issued by AIA, Zurich, CommInsure, Asteron, MLC, BT, TAL and One Path the insurer

may pay Apogee Financial Planning a commission payment which is based on total in-force premium and lapse rates for risk insurance policies as at 31 December 2017, recommended by all advisers within Apogee Financial Planning adviser network. The payments received by Apogee Financial Planning may be up to 2% of the premium amounts paid by policy holders to the relevant insurer. As this amount is calculated in the future, we cannot provide an exact amount at this time; however, as an example, if as a result of services provided to you by Apogee Financial Planning, a participating insurance provider receives \$5,000 in premium for policies as at 31 December 2017, then Apogee Financial Planning will receive up to \$100 as a commission (2% of the premiums held).

The above payments are not shared with us. These payments do not represent an additional charge to you and we will disclose in your Statement of Advice insurance products for which these arrangements may apply.

Distribution Allowance

MLC Limited pays a distribution allowance to National Wealth Management Services Limited, a related body corporate of NAB, in respect of the distribution of MLC Limited's insurance products by licensees in the NAB Group (including NAB). This amount is not ascertainable at this time and will depend in part on the value of MLC Limited's insurance portfolio relating to insurance distributed through NAB and its related bodies corporate and the performance of NAB and its related bodies corporate against agreed annual performance criteria.

This allowance is not shared with us and does not represent an additional charge to you.

Referrals

If you have been referred to us or we refer you to someone else, we may have arrangements in place to or receive a referral fee, commission, or other benefit. Details of any arrangement will be provided in our advice to you.

Referrals from a third party

At present we do not have any referral arrangement in place to pay a third party referrer a referral fee, commission or other benefit. If this changes, we will make you aware of this prior to providing advice, or further advice, to you.

Referrals to a third party

At present we do not have any referral arrangement in place to provide referrals to third parties in return for payment or other benefit. If this changes, we will make you aware of this prior to providing advice, or further advice, to you.

Business Equity Valuation (BEV)

In the event of our death or permanent disablement, or if we were to leave the financial planning industry, Apogee Financial Planning provides a buyer of last resort option called BEV. This helps manage the transition of ownership to ensure you continue to receive advice.

In addition, we are part of a corporate structure and have a succession agreement in place to manage the transition of ownership should we leave the business.

Our business operates in a corporate structure. This model is less likely to be eligible for BEV as all the Principal Advisers in our business would have to either leave the industry, die, or become permanently disabled.

The value of a sale under BEV is based on a multiple of ongoing revenue received by the business on an annual basis. The multiple can range from 2.5 to 4 depending on the proportion of the ongoing revenue that comes from clients who hold MLC group financial products.

How we charge for our services

All fees and commissions are inclusive of GST and the fees could be greater than those disclosed below in complex cases. In these instances, we will inform you of the exact fee payable promptly in writing.

Initial consultation

At our expense: The aim of the initial consultation is for us to outline our services and to jointly decide whether you would benefit from our service offering. We do not charge a fee for the initial consultation, and we ask you to complete a short “Needs Analysis or Client Profile” prior to this meeting. At the end of the first interview, we will quote a fee for the provision of the following services. The fee will be based on the complexity and scope of the work undertaken.

Advice preparation and strategy presentation

If you elect to pay us a fee for advice the following fees will apply. The fees will depend on the size of the investment portfolio and the complexity of the advice.

- Collation of Financial Records
- Preparation and Presentation of Statement of Advice

Your initial Advice Fee will range from \$2,500 - \$25,000 (Incl GST) depending on the level of complexity of your situation and the advice provided.

This fee will be quoted after your initial consultation in the form of a Professional Services Agreement (PSA) prior to you proceeding. For example, complex advice that contain multiple goals, strategies and/or tax structures including but not limited to; self-managed superannuation Funds, family trusts and companies, are likely to be charged closer to the maximum. Less complex advice that addresses limited goals, strategies and tax structures are likely to be charged closer to the minimum.

Implementation fee for advice

If you elect to pay us a fee for implementing the advice the following fees will apply. The fees will depend on the size of the investment portfolio and the complexity of the advice:

This fee may range from \$0 - \$25,000 (Incl GST) depending on the level of complexity of your situation and the advice provided.

Borrowed funds – if we recommend you acquire investments using borrowed funds then your implementation fee may range from \$0 - \$25,000.

These fees may be paid by cheque, credit card (Visa, MasterCard or Bankcard), direct debit or collected as an investment product entry fee (see commissions on all products*). Credit card and direct debit payments include an administration fee of \$2 per transaction set up, \$1 per transaction plus a merchant fee of 0.86% for credit card transactions.

Insurance products

The relevant insurer will pay initial commission between 0% and 90% and ongoing commission between 0% and 33% of the annual premium for as long as you hold the product.

Commissions are paid to us by the product provider and are not an additional cost to you.

Ongoing fee for advice

If you elect to pay a fee for the ongoing review of your financial planning strategy, the ongoing fee is based on the complexity of ongoing advice and the services provided. The ongoing service fee for this package is \$2,500 (Ex GST) per annum (minimum fee) or a

Here are some examples to help you understand the potential benefit to us of our clients holding MLC group product:

- If the ongoing revenue of the business was \$100,000 and 50% of our clients held MLC group products, the sale value for the financial planning business would be between \$250,000 and \$350,000;
- If the ongoing revenue of the business was \$100,000 and 85% of our clients held MLC group products, the sale value for the financial planning business would be up to \$400,000;

Importantly, BEV is subject to us meeting certain compliance requirements and standards.
